-----START-----

Objective

To prepare a Help guide for Montage Installation.

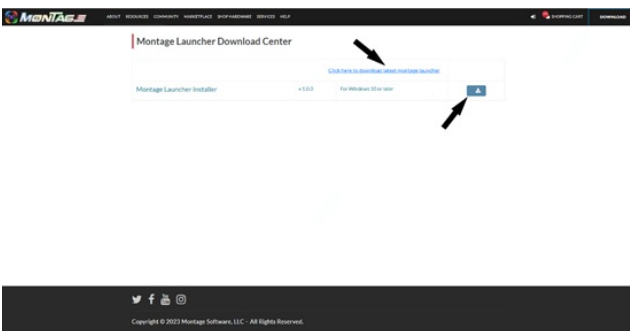

Download

Use the Below link to open the Montage website & download montage launcher setup with signup or without signup.

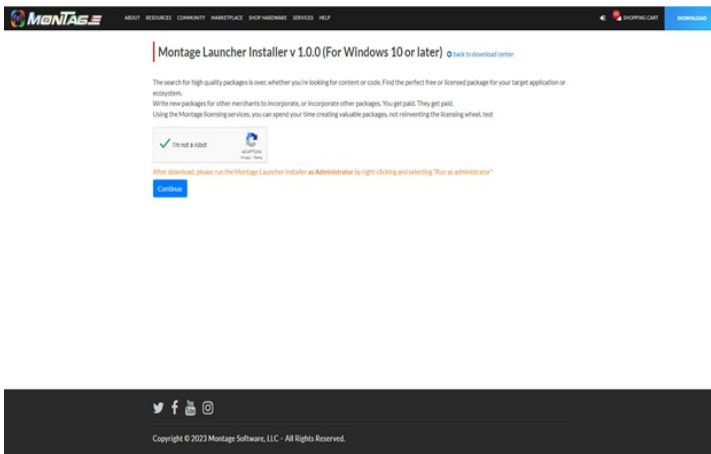

Link: <https://www.montage-software.com/#>

Now click on either the “Get Started Now” or “Download” tab to open the Download page.

Now click either link [Click here to download latest montage launcher](#) or Icon  to download the Ecosystem Package.

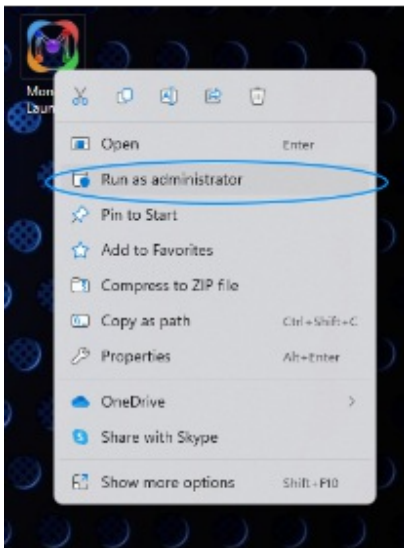

Verify "reCAPTCHA" & click continue tab to start download.

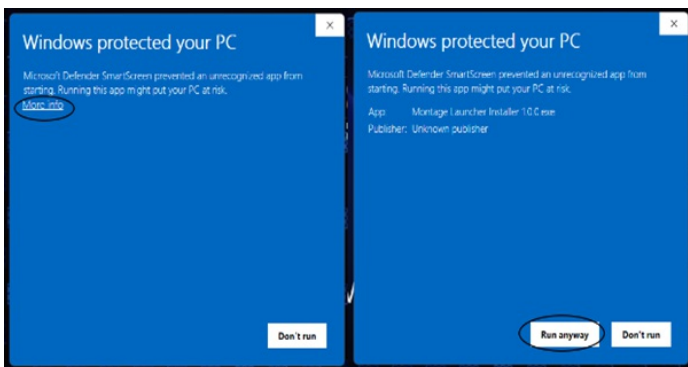

Installation

Download the Montage Launcher exe from montage website as explained earlier.

Run the Montage Launcher Installer as Administrator by right-clicking and selecting "Run as administrator".

If got this Microsoft defender window, click on more info & then click Run anyway.

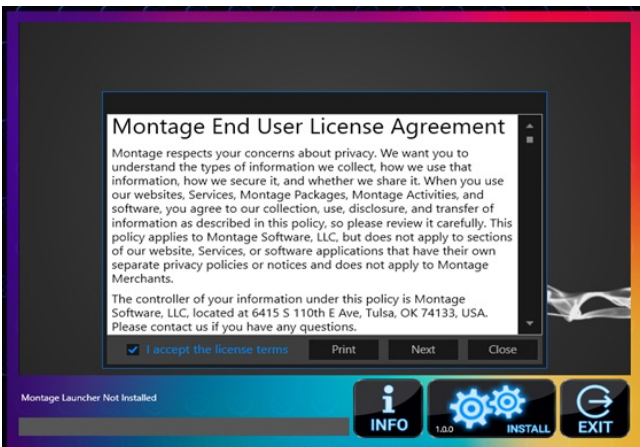

Allow the app to make the changes in your device.

Click on "INSTALL" Tab.

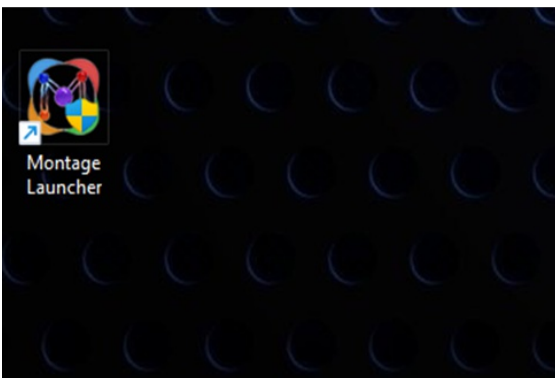

Accept the License terms by checking Check box.

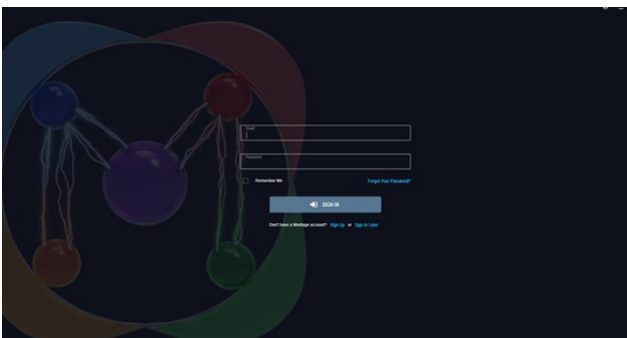

Click Next, Montage installation is completed.

Check for the shortcut Icon on Desktop.

Double click on the montage Launcher Icon.

Allow the app to make changes in your device & soon you will be landed on the montage Login page.

Sign Up or Sign in later or use an existing montage account.

Create Account

Click on sign up.

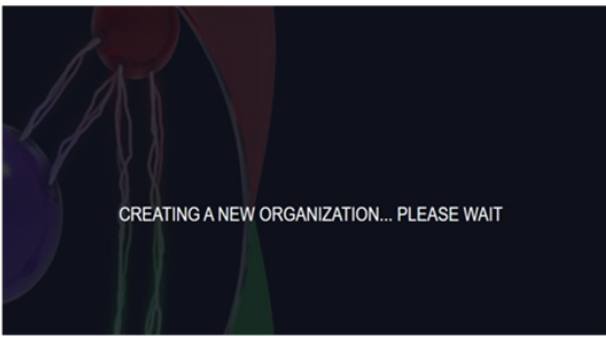

The registration form includes fields for First Name (ABC), Last Name (XYZ), Email Address (abc123@gmail.com), Password, and Confirm Password. A dropdown menu for Country is set to United States of America. A checkbox for terms of service is checked. A blue SIGN UP button is at the bottom. Below the form is a success message: "Registration Successful. Congratulations, ABC! You're almost ready. We've sent you an email verification link. After you've verified your email, click the button below to continue." with a blue SIGN IN button.

The sign in form has fields for Email and Password. A checkbox for Remember Me is unchecked. A blue SIGN IN button is at the bottom. Below the form is a message: "Don't have a Montage account? Sign Up or Sign In Later. Please verify your email address to activate your account, then try again."

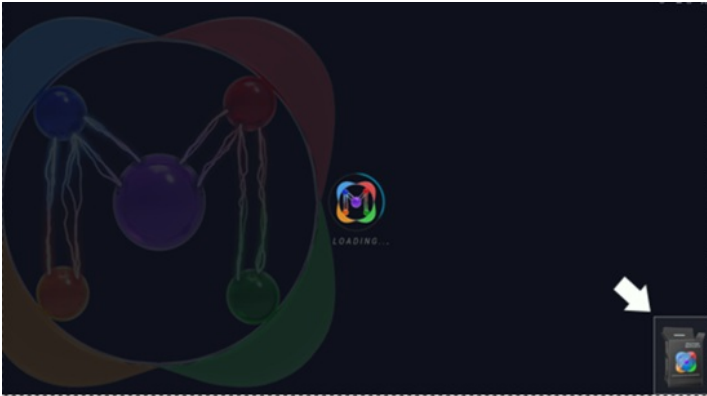

The message states: "You have no organization invitations. If your organization already has a Montage account, your account administrator will need to send you an invitation before proceeding." Below are two blue buttons: TRY AGAIN LATER and CREATE NEW ORGANIZATION.

The organization info form is split into two views. The left view shows radio buttons for Purpose Of Use (Community, Commercial, Educational) and Organization Types (Individual, Organization). The right view shows radio buttons for Purpose Of Use (Community, Commercial, Educational), Organization Types (Individual, Organization), and input fields for Business Name and Business Website URL. Both views have a blue SUBMIT button and a checkbox for terms of service.

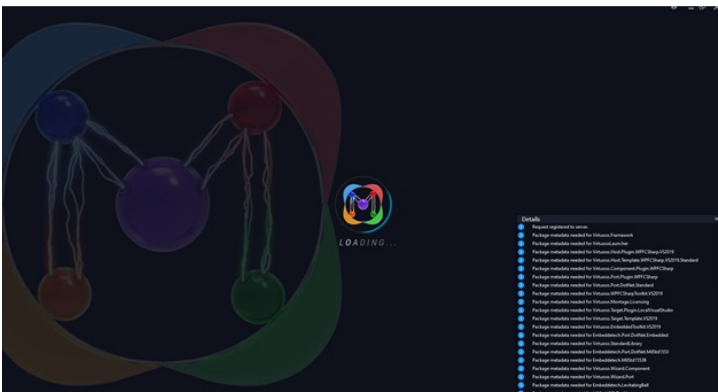

This view is identical to the left view of the organization info form, showing radio buttons for Purpose Of Use and Organization Types, and a SUBMIT button.

Once you choose the option montage start loading files from the server, have some patience & let the loading complete.

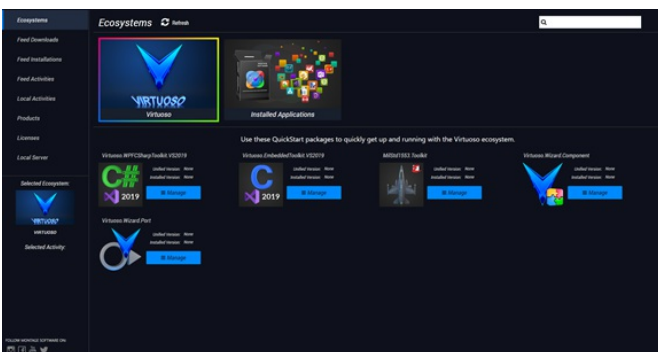

Meanwhile the box shown in the bottom right corner can be expanded by click on it.

All Information of the package details can be seen in the box.

Once the downloading is complete montage is ready to Shop.
