-----START-----

Objective

To prepare a user help guide for Virtuoso Installation.

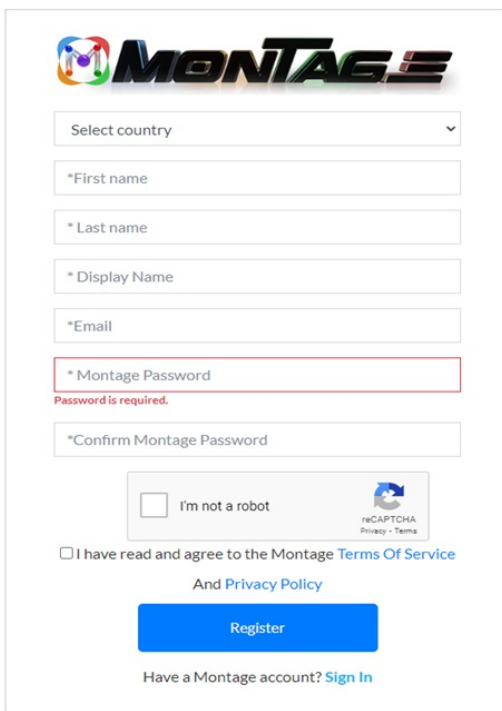

System Requirements

OS: Microsoft Windows 10 onwards
Visual Studio: 2019 or 2022

To install Virtuoso software, need to register on Montage website & download Montage Launcher First.

Link: <https://www.montage-software.com/#>

(Refer to "Kick Start Guide for the Montage" installation).

The screenshot shows the registration page for Montage software. At the top is the Montage logo. Below it is a form with the following fields: a dropdown menu for "Select country", and text input fields for "*First name", "*Last name", "*Display Name", "*Email", "*Montage Password", and "*Confirm Montage Password". A red border highlights the password field, with a red error message "Password is required." below it. There is a reCAPTCHA widget with the text "I'm not a robot" and a checkbox. Below the reCAPTCHA is a checkbox for "I have read and agree to the Montage Terms Of Service And Privacy Policy". At the bottom of the form is a blue "Register" button and a link "Have a Montage account? Sign In".

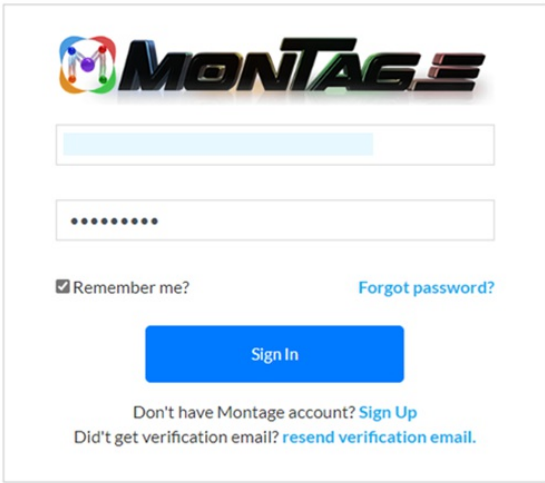

Register

Your registration has been successfully completed. You have just been sent an email containing membership activation instructions.
